Session Theme:

Purpose, Scope and Global Strategic Value of CIBJO Jade Guide — A New Milestone for International Fei Cui and Jewellery Trade

Rundown:

- Introduction of Jade Guide — Keynote Presentation
- Panel Discussion

Key Messages & Highlights:

This session aims to present the significance of the **CIBJO Jade Guide**, examine its impact across global markets, and facilitate an expert-led discussion featuring leading voices from international trade bodies, testing laboratories, and gemmological associations.

The introduction and standardization of global guidelines for Jade and Fei Cui represent a pivotal shift for the international gemstone and jewellery sector. As the global marketplace demands higher transparency, technical clarity, and uniform terminology, the **CIBJO Jade Guide** serves as a benchmark for trade confidence and consumer protection.

1. **Milestone & Achievements of CIBJO Jade Guide:** Outline how the **CIBJO Jade Guide**

addresses historical trade ambiguities and establishes international consensus on Jade, Fei Cui and Yu nomenclature and classification.

2. **Bridge International & Regional Standards:** Foster alignment between Asian trade practices (e.g., GAHK, NGTC, GIT standards) and global CIBJO guidelines.
3. **Enhance Market Transparency:** Discuss practical applications of the guide for laboratories, retailers, wholesalers, and consumers to ensure ethical disclosure and market trust.
4. **Define Next Steps:** Gather industry leadership feedback to support the ongoing adoption and implementation of the *CIBJO Jade Guide* worldwide.

Key discussion points for panelists:

1. **Global Leadership Perspective:** How the *CIBJO Jade Guide* fits into CIBJO's broader mission of standardized trade terminology and consumer defense (Gaetano Cavalieri, Ken Scarratt)
2. **Integration with Coloured Stones:** Aligning Jade, Fei Cui and Yu terminology within the wider coloured gemstone framework (Charles Abouchar)
3. **Regional Harmonization & Laboratory Consensus:** Practical insights on integrating CIBJO guidance with established laboratory and trade standards across China Mainland, Hong Kong, and Southeast Asia (Su Jun, Edward Liu, Hanco Zwaan).
4. **Market Adoption:** Overcoming challenges in professional training, trade education, laboratory reporting, and consumer communication globally.
